

did you know our coffee is made just for us?

The coffees at Perk Avenue are our own special blend and are locally roasted. Every cup brewed in our coffeehouse was a green bean just seven days prior! Perk Ave. has dark roast, light roast, decaff, a "flavor of the day" or our own medium roast "Perk Avenue Blend", roasted exclusively for Perk Avenue. All Coffee is available whole bean or ground to take home for your own brew pot.
